

CELEBRATE: THE 4TH ANNUAL AZ CANCER CAREGIVERS AWARENESS WEEK, NOVEMBER 11th-18th by PROCLAMATION OF THE GOVERNOR

The Arizona Myeloma Network, AzMN™, a 501c3, has served myeloma patients and ALL Cancer Caregivers and Families since 2004. Founded by Barbara and Jack Kavanagh. Barbara has been the primary caregiver for her husband, Jack who is a 31 year myeloma cancer survivor! Throughout COVID, with the help of a small part-time staff and a few dedicated volunteers, they continued their free outreach to cancer patients, caregivers and families and provided information and resources, by email and phone.

Our Mission: No family should face this devastating disease alone!
THE NEED: In 2021, Arizona, will have over 3400 new cancer cases each month.

- It is estimated that for each patient, there is at least 1 caregiver. The caregiver is often working and caring for the family.
- The health issues of the caregiver, loss of job productivity, insurance and medication expenses affect not only the caregiver but the patient and other family members.
- We need to take Care of the Caregivers!

OUR GOAL: To improve the Quality of Life for the Patient and the Caregiver.

THE SOLUTION: Developing the 1st VIRTUAL CANCER CAREGIVERS EDUCATION PROGRAM, VCCEP®. The VCCEP® will address the many issues that face the caregiver and increase the Access and Availability of these services for All cancer caregivers. Wherever you live, whenever you want and need Information and resources. And, with, special outreach to the underserved, as well as older and rural populations.

YOU CAN HELP! Sponsorships, Grants, & Donations, are needed. Every \$\$ Counts!
Your gift will have a meaningful impact on the lives of thousands of cancer patients and families!
